EDUCATION

🎓 **2023 - Present**
B.Sc in Software Engineering
Shahjalal University of Science & Technology

🏛️ **2018 - 2020**
College
Birshreshtha Noor Mohammad Public College, Dhaka

📖 **2013 - 2018**
High School
Mollarhat High School, Kalkini, Madaripur

PROGRAMMING LANGUAGES & EFFICIENCY

C & C++

Java

Dart & Flutter

ABOUT

I am an enthusiastic undergraduate student of Software Engineering with a strong interest in problem-solving, competitive programming, and software development. I enjoy exploring algorithms, building practical projects, and writing clean, maintainable code. I value collaboration, clear communication, and creativity in both academic and extracurricular environments.

SKILLS

Software Projects

- **Snake Game:** A classic snake game developed in C using the SDL2 library. ([GitHub Repo](#))
- **Astro Adventure Game (Astro Run Save Planet):** A 2D space adventure game in Java using the LIBGDX framework. ([GitHub Repo](#))
- **SUST Spot Booking App:** An Android app for booking university spots, built in Flutter with Firebase and Firestore. ([GitHub Repo](#))
- **Calculator Application:** A basic calculator built using Java Swing GUI. ([GitHub Repo](#))

Competitive Programming

- Solved 1100+ problems across various online judges
- Decent understanding of algorithms, data structures, and problem-solving strategies
- Maintaining GitHub repositories for structured topic-wise practice ([Competitive Programming](#), [SWE-222_CP](#), [SWE-230_Algorithm](#))

📈 A consolidated profile of my CP activity on [StopStalk](#).

Academics

- Strong academic background with consistent performance in core CS subjects like
 - Data Structures
 - Object-Oriented Programming (OOP)
 - Software Requirements Engineering (SRE)
 - Operating Systems
- Experience with lab-based learning and maintained practice records ([OOP](#), [Data Structures](#), [Operating Systems](#), [Numerical Analysis](#))

Extracurricular Activities

- Actively participate in various sports such as football, cricket, badminton, and indoor games. Was a member of the departmental football team in the intra-university tournament.
- Currently serving as the **Organizing Secretary** of **SWE Society, SUST**, contributing to event planning and student coordination.
- Enthusiastic about cultural programs specially poem recitation and have received multiple awards in various competitions.

PASSION

I enjoy logical thinking and solving challenging problems that require deep analysis and precision. Competitive programming, algorithmic puzzles, and software design fascinate me. I'm driven by curiosity, a desire to improve, and a passion for creating meaningful solutions through code.
