Project and Research Works

SUST Spot Booking System 🐙 • **LIVE** 🔗

Jan 2026 – Aug 2026

Web Application / React, Vite, Node.js, Express.js, MySQL, JWT, Cloudinary, SMTP

- Led a 3-member team to build a centralized SUST spot booking platform with availability and admin controls.
- Developed REST APIs with JWT authentication, role-based access control (RBAC), and MySQL integration.
- Implemented multi-stage admin approvals, SMTP notifications, and role-specific booking authorization.

Explainable Machine Learning Framework 🐙 🏆

Jan 2026 – Present

*Research work (ML, DL, XAI) / Status: **In Revision** – Journal: Heliyon (Elsevier, IF: 3.6, Q1 ranked)*

- Developed a leakage-free ML/DL and Explainable AI (XAI) framework to study social media's effect on academic performance across four independent, cross-country datasets, with SHAP-based interpretability.
- First Author; Led conceptualization, methodology design, software implementation, and manuscript writing.

FixMate – Smart Household Service System 🐙 • **LIVE** 🔗

Oct 2025 – Dec 2025

Web Application / Node.js, Express.js, MySQL, JavaScript, JWT, Cloudinary, SMTP

- Developed a full-stack household service platform connecting users with verified local professionals.
- Implemented geo-based worker assignment, job tracking, ratings, and secure authentication.

Legal-RAG-BD 🐙

July 2026 – Present

Research Project (Bangladesh Legal AI) / LLMs, RAG, Agent-Orchestration

- Developing a Bangladesh-focused legal AI system for multi-step legal reasoning, combining evidence-grounded retrieval with clarification and uncertainty-aware responses to improve the reliability of legal assistance.

Astro Run Save Planet 🐙

June 2024 – Sept 2024

Game Application / Java, LibGDX, Gradle, LWJGL3, Box2D

- Developed a 2D desktop space adventure game with shooting, enemies, collectibles, and multiple game modes.
- Implemented collision detection, game-state management, scoring, audio, UI, and particle effects.

Additional Projects: 🐙 Calculator Application, 🐙 Snake Game, 🐙 Task Manager, 🐙 Spot Booking System (Android)
